MRS. LINCOLN PRESENTS VIEWPOINTS

Mrs. E. Louise Lincoln of Bethel, member of the State Legislature from this area, has released the following statement:

To the Citizens of Andover, Bethel, Byron, Gilead, Greenwood, Hanover, Newry, Roxbury, Stoneham, Upton, and the Plantations of Lincoln and Magalloway:

There have been spurious charges made against me. Let's set the record straight!

With respect to school subsidies—the one thing the article said that was right and I quote "Last year when state subsidies to education were markedly increased across the state" etc.—that was true but it wasn't mentioned where across the state. The Democratic sponsored subsidy bill which was passed and I did not vote for, increased the money for all the larger towns. Portland received between a half a million and a million more. Waterville was increased over \$400,000.00 etc. What about the small towns—you guessed it—they cut our SAD \$29,281.07 and many other small towns also.

Yes, I have voted against some subsidy bills and I have good reason for doing so. Would you vote a large subsidy bill in when you didn't know where the money was coming from to pay for it or what new tax would be urged? Would you vote yes on a subsidy bill where the formula was pulled out of thin air? Would you vote yes on one that gave your own SAD less money?

On all the school bills, I always checked with our school superintendent. It's mighty funny that if I cost the town \$15,000.00 that I didn't hear from at least one of the school directors I might add that any subsidy bill I voted against would have passed anyway because too many are afraid to vote against anything continued on Page Twelve

BETHEL DEMOCRATIC CHAIRMAN EXPLAINS CAMPAIGN INVOLVEMENT

Michael J. O'Donnell, Democratic Chairman of Bethel, stated in a news release today: "The time has come for the people of the Bethel area to review the voting record of their legislator. During the 104th Legislature, Mrs. Louise Lincoln did not represent the people of Bethel. She voted in favor of a bill to cut better than \$15,000 from state money to S. A. D. 44. . . . She voted against reducing the voting age from 21 to 20. . . . She voted against updating welfare assistance programs to include State and Federal funds and relieve the towns of the burden of paying for and administering welfare assistance. . . . She voted against a bill to require construction workers working on public work projects to receive State minimum wage. . . . She voted against a bill to increase minimum wage from \$1.50 to \$1.60 per hour for places which employ summer help under 19 years old—a vote against a young person trying to put himself through school. . . . She voted against a bill to consolidate existing state agencies so as to lessen state spending. . . . She voted against LD-1340—a bill to establish a Bureau of Property Taxation and establish fair, equitable and uniform property tax assessing practices.

"As a citizen, taxpayer, voter and family man, I am deeply troubled by the lack of economic betterment which the Bethel area has experienced. I am interested in our community, our schools, our businesses, and the people. I have come to know and respect Ray Harrington as a hard-working, dedicated and sincere person who, I feel, can represent all of us far better than we have been represented heretofore.

"In the past few weeks, I have been accused of becoming 'over-involved' on Ray's behalf. I have been involved extensively, because it is my right to work for a cause in which I believe. If one can be 'over-involved' in working to better our process of government—then I am guilty.

"Ray has impressed me with his capacity to go to the heart and discuss the issues. He has worked very hard in this election, and I believe he will continue to work when elected to represent all of our interests. Every voter, no matter what his political affiliation, will be represented by Ray Harrington."

COMMENTS FROM THE OFFICE OF THE TOWN MANAGER

There appears to be considerable interest in the upcoming election if absentee ballots are any indication. We are still receiving requests for ballots to be mailed. They cannot be accepted after 3 p. m., Nov. 3. This does not leave very much time for us to mail a ballot and have the voter return it in time to be counted. Another reminder, the Town Office has to be open four hours Saturday to receive absentee ballots. The hours will be from 8 a. m. until 12 noon. We will not be able to register voters as it is not a regular business day. A person may register for election day. The registrar of voters has to be available until the polls close.

We have been notified by the County Commissioners that there has been a request presented by a local taxpayer for a hearing before them to abate a part of his taxes. This will be the first time in several years such a request has been made from Bethel. The hearing will be held in a few weeks with an opportunity for both the taxpayer and assessors to express their views.

ANDOVER-E. ANDOVER

Mrs. Violet Swale, Corras. — Mr. and Mrs. Mervin Farrington and her mother, Mrs. Basil Hutchins, spent a recent week end visiting with Mrs. Hutchins' mother, Mrs. Elizabeth Leach, and other relatives in Andover, New Brunswick, Canada. Robert and Rachel Farrington spent the week end with their grandmother, Mrs. John Senneker at Frye.

Relatives and friends of Laurie Metaner attended funeral services in Rumford on Oct. 23. He formally lived at East Andover and two of three children born to him and his wife, Mary Morse Metaner, attended schools in Andover. Mrs. Metaner died in 1939 and in 1942 he married Edith Bellows, South Rumford, who survives. They were parents of a son, Warren.

Mr. and Mrs. Orville Metaner and family spent last week end with her sister and brother-in-law, Mr. and Mrs. Herschel Hall and family in Ashburnham, Mass.

Mrs. Bertha Myers, Toledo, Ohio; Warren Metaner, Manchester, Conn.; and his mother, Mrs. Laurie Metaner, Rumford, called on relatives in town last Sunday.

The Birthday Supper held at the Town Hall on Oct. 24, was very well attended. The Ladies Aid will serve luncheon for the Retired Teacher's Association on Oct. 31. Approximately 60 are expected to attend.

David White and two friends were at Caribou Lake this past week.

Mrs. Freeman Farrington entertained on October 24 for her daughter, Betty Jean, at a party honoring her 14th birthday. The party was planned to celebrate Halloween and many of the guests arrived in costume.

Prizes were awarded to Steve Farrington as the "Funniest," Mark Farrington the "Prettiest," Keith and Scott Farrington tied for "Ugliest" and Steven Fyrborg received the "Booby" prize.

The group was taken through the dungeon (the unlighted cellar) to the morgue to see Dr. Norma Farrington and Nurse Harriet Glover perform an operation. This proved to be both scary and hilarious.

Three groups were formed for a scavenger hunt for "20 articles in 20 minutes." Refreshments included a decorated Halloween cake.

Invited guests were Gale Glover, Kathy Richardson, Becky Simmons, Heidi Fyrborg, Kathi Sennett, Steve Farrington, Ricky Smith, Peter Farrington, Steve Fyrborg, Vincent Metaner, Ross Swain, Lester Richardson, and Johnny Richard. Others

attended were Sylvanus Glover, Mark and Scott Farrington. Mrs. Wanda Wilson assisted her sister in the entertaining.

Letters to the Editor

Dear Mr. Editor:

1) Re: letter of P. C. C. A direct and honest appraisal of a community reaction, which is also a national dilemma.

2) Where do we go from here? Perhaps civic service for each adult, like military service (or service at base pay for the G. O.) for our youth, should be compulsory. It would at least make every person aware of the demands of public responsibility.

Is it possible that one town meeting, lasting 2-3 hours, simple isn't long enough to get feelings expressed and out of the way before voting upon issues involving tax appropriations? How about a week-end (Sat. and Sun.) panel discussion, prior to the final publication of warrants (the U. of Maine and Extension Services have excellent resource material available as does N. T. L., for effective Community action).

Is it possible that even a small town is now faced with so many issues that our dedicated Assessors and Budget Committee simply does not have the time to sound out and honestly evaluate how far the majority of the taxpayers are willing to go, weighing needs and desires?

Isn't it possible that with the abolition of the Village Corporation, one rather important item has been overlooked, namely, that of always including at least one representative from rural areas on the Board of Selectmen and Assessors? By rural, I mean on the way-outsides of the town, where town water and town sewerage are not available—having to be provided totally out-of-pocket, and where distance from fire hydrants increases insurance costs.

While it is true that if a person chooses to live on a remote back road he has to accept these expenses, the very real issue remains: he is a taxpayer and a vital part of the community.

Where can we find relief from financial stress?

As a native of Bethel whose second home, until recently, was the church, I have strong feelings about one expense we seem unable or unwilling to look at squarely with any degree of common sense, and the reasons given to justify its continuance deny its very purpose. This is maintenance of four church buildings within a radius of two miles. (Note that this does not include hall rentals or other nearby churches).

The combined annual budgets of these four churches total approximately \$40,000. Let's suppose that every man, woman and child in Bethel had to pay to support this visible expression of community piety. The cost would be about \$17.00 per person (using 2400 as the number of residents); the average family of four would pay about \$67.00.

Since at least half the people in town either do not believe in God, or do not find God within the church building, this about doubles the cost per church-supporting person or family. And many good Christian people quite frankly admit that their budget cannot include tithing, which originally covered many expenses now included in our tax structure.

If we deplore our town and national budgets, why is it that we per- sistent continue to ignore the demands of this financial burden? Do we pay the price so that we can wear the label Methodist, Congregational, Nazarene or Catholic for whatever other label you claim? saying that "mine is the True Creed", and yet can you face every person in your particular church each Sunday and say to him, "You and I believe exactly the same?"

If our dogmas must not be forced, why then can't we use only one church building, with services held at different hours? Does it have to be on Sunday? Why can't we at least share our fund raising efforts, if that continues to be necessary, to pay for the building maintenance? Why can't we begin to teach all our children about Christianity together so that they will grow up knowing

that they will grow up knowing

that they will grow up knowing

that they will grow up knowing

that they will grow up knowing

that they will grow up knowing

that they will grow up knowing

that they will grow up knowing

that they will grow up knowing

Dear Editor:

For the past eight months, I have been able to meet and talk with many of the people in this area. I have been able to find out where their interests lie; what they like or dislike; what they want and what they need. This person-to-person communication was one of the biggest factors in influencing me to make the decision to submit my candidacy to represent these people in August next year. Now, I am taking this opportunity to let the people know how I stand and how I feel on certain prime issues. I am in favor of:

... increased minimum wages and improving the standard of living; ... tougher drug laws and drug education for Maine schools; ... tax relief for deserving elderly; ... better usage of educational dollars; ... equitable assessment of property taxes; ... stronger pollution control laws; ... preservation of our natural resources; ... stricter enforcement of criminal laws; ... equal job opportunity for all; ... safer working conditions for all employees; ... establishing a statewide program for physician recruiting for rural communities; ... expanding the newly-established Bureau of Mental Retardation; ... more law enforcement training programs for State and local police and deputy sheriffs; ... a program to provide jobs for the poor, rather than increased welfare assistance or hand-outs.

Next Tuesday, November 3rd is election day. I need your vote to represent you.

Sincerely,

Raymond Harrington

Why Vote for Louise Lincoln?

Because of her integrity—We need that in Augusta.

Because of her honesty — This is important too.

Because of her experience — She has 10 years in Legislature.

Because of her interest — This is her full time job.

The reason I know of these things is because she has been my close neighbor for the past 15 years and has earned our support.

Avery Angovine

and understanding each other better than we adults do? Surely, of all places, the church should join—not separate us from one another!

\$40,000 should guarantee that you would know, as well as you know your own brother, this man whose new Covenant we profess to accept. Yet, would you recognize him if he walked beside you on Main Street? Or, do you expect to see him seated beside you in your church? He could come to Bethel you know.

I suspect you would quicker see him mingling with the group in front of the Spa, and that even then you would fail to recognize him.

If we cannot meet together and share expenses within our religious community, which is elective, how can we hope to accept without protest our community taxes, which are compulsory?

It may be that the much maligned Bethel time, the T. V. is the best buy of the year after all: the poor man's solution from loneliness. For about \$150 the whole family can have its own on Sunday, music, entertainment, news via satellite, and education all this for 7 days a week with out having to buy a new dress for Father, tickets to the show or ball game, a dune day for a newspaper, or a babysitter for Mom in the morning while she does dishes.

If what I have written seems hard or funny, read first Matthew, Chapter 23, and then Judge.

Sometimes the truth hurts doesn't it?

To the Editor:

The double-barreled attack on Rep. Louise Lincoln in last week's "Citizen" reaches a new low in sour politics for this community. Obviously Mrs. Lincoln's admirable record of service to the towns of her district and refute the untruths and distortions so carelessly tossed about. Still others may speak of Oxford County and tell the sad tale of its D. E. D. and Sam Michael's fat salary and the cute little clasp he bought for the price of Gilead's county tax. But my comments are directed toward those who stoop to launch a false and indirect attack on a lady.

I gather that Mr. Harrington, however young and inexperienced, has much too decent a fellow to have written the scurrilous statement attributed to him. The good repete he seems to have will bear out this assumption. To assign to him the spurious and ill-natured statement can only do this young man harm. Small time political mafiosi, who make a cat-paw out of an ambitious young person, however, deserve our contempt.

Like so many incoherent baboons, peering through leafy bowers and hurling coconuts at their betters they demonstrate an unusual affinity for the ridiculous. Presenting the dumb show of a young, enthusiastic new representative whooping, leaping, and exhorting through the halls of Augusta they would have you believe he would wring necks, twist tails, and otherwise wrench concessions and loot from reluctant fellow lawmakers. The specter of venerable legislators, like Rep. Louis J. J. (D-Leviston), heedless of his own bad luck, scrambling to meet urgent demands from Bethel is most deliciously ludicrous. But one thing may be said of these buffoons: they are dedicated to their cause; and like the typical old-time cavalrymen they charge—all heart and no brains.

I suggest to Mr. Harrington, if he contemplates a career in politics that both parties need responsible members and that he take a hard look at his party's present direction here in Maine. He may decide whether he really wants to turn everybody loose in his neighbor's corn field, take away your deer rifle, and force the working man to furnish more abundant goodies to the growing army of professional mendicants and crooks. He may prefer to join the many responsible democrats who want to turn their party around and find honest answers. They haven't been too happy with the capers of Mr. Clem and his Vahling partner—or yet with the Curtis hand-wagon and its promise of a "Baby Ruth." I further suggest to the young gentleman that he disassociate himself from the mischief-makers who seek to use him and

raise himself above their level with an apology to Mrs. Lincoln and an offer of decent respect for an opponent.

Dear Editor:

For more Environmental Awareness.

In the Oct. 12 issue of the Christian Science Monitor Aline Willbur enthusiastically reports about architects' efforts at educating the young generation towards environmental awareness.

"We shape our buildings and then they shape us," she quotes Sir Winston Churchill's remark which the American Institute of Architects adopted as their motto.

Laudable as these efforts may be, pedagogically they are a monstrous and indirect attack on a lady.

The students are made to build hideous structures for the purpose of becoming aware how uncomfortable they make us! The motto in operation! What else need be said?

But may I be permitted a warning. If an earnest effort is not made that the guidebooks the A. I. A. Educational Committee has prepared are not removed from every classroom forthwith, the disease will spread. The admiring article will be reprinted in thousands of newspapers. And disease is contagious, health is not!

The architects must first learn that the pedagogic way is the reasonable way: the students must be shown the right way of doing things.

A great master of art will not print an ugly picture for the students to learn what is beautiful. The great conductor of an orchestra will not teach them the screeching tones so that they may learn the heavenly ones.

The great couturier Givenchy will not cut an ugly garment to teach his disciples what a beautiful one should look like, or a bricklayer teach his apprentices to lay the bricks all wrong, or to simplify even more, would a mother teaching her daughter to make a cake tell her daughter the proportions are six pounds of egg to once ounce of flour!

May the readers excuse this simplification but the idea of making students waste time, effort and money on producing ugliness is so preposterous that it is difficult to imagine how it could arise in anybody's mind.

Besides, there is enough ugliness all round us, if ugliness we need. Bronislaw Y. Noyl.

Dear Editor:

Realizing that we are blessed with a two party system in our government I feel it only proper that I ask you for a small corner of your paper for a few comments.

We have been enriched in this area for the past 10 years with a very competent lady as our Representative to Legislature, Louise Lincoln. She is sincere, truthful and a true representative of the people of our area. She works hard for a conservative budget and when new bills are presented she personally contacts individuals and seeks their judgment. Of course, she does not call everyone for any one bill which would be humanly impossible but any family as well as many others with no discrimination to party politics have received many such calls. No other representative in the past has ever favored our area with such true representation.

Mrs. Lincoln is neither a polished politician nor a political puppet and, therefore, you have not had the request to print an abundance of non-interesting, political propaganda filled news items on her behalf. If such items did appear, they would be her truthful words and her personal thoughts, not those of some political advocate.

Thus a word to all voters, with max- imize toward none, support our m- ture, experienced, well qualified lady from Bethel, Louise Lincoln, Representative to Legislature, who knows and has experienced personal financial responsibilities, and is greatly admired for her sound judgment by fellow legislators.

Respectfully submitted,

SUMMARY OF REFERENDUM
QUESTIONS TO BE
VOTED ON TUESDAY

Local voters will be asked for
their judgement on four questions
relating to bond issues in the state
general election next Tuesday, Nov.
3.

Referendum Question No. 1 would
provide for a bond issue of \$30 mil-
lion to finance reconstruction of
Route 6. This would provide a high-
way across Maine between the Can-
adian provinces of New Brunswick
and Quebec.

Question No. 2 would authorize is-
suing of bonds not exceeding \$50
million. Proceeds of these bonds
would provide state funds for ele-
mentary and secondary school con-
struction. It would place the state
on a so-called "lump sum" payment
basis with one-half paid when a con-
tract is awarded and the balance on
completion of a project. Its principal
purpose is to save the state mone-
y by eliminating double payment
of interest on sums borrowed by the
state and local unit on the same
project.

The third referendum question
would provide for the sale of bonds
of \$1 million the proceeds of which
would provide funds for abatement
or removal of prohibited discharges
of oil, petroleum products or their
by products from waters and lands
of the state and payment of damag-
es to persons damaged by such dis-
charge in the event of an oil pollu-
tion emergency or catastrophe de-
clared by the Governor. Bond pro-
ceeds would be paid into the Maine
Coastal Protection Fund and expend-
ed under the direction and super-
vision of the Environmental Control
Commission.

Question No. 4 would remove in-
terest limitation on a bond issue au-
thorized on Nov. 3, 1964. There are
16 million in bonds unsold under
the authorization and it is unlikely
they could be sold in the current
market because of a 6% interest
limitation. Removal of the limita-
tion would facilitate sale of the bal-
ance of the bonds.

Constitutional Amendment No. 1
would lower the voting in the State
of Maine to 20 years for United
States citizens residing in the state.

The second proposed amendment
would change the state constitution
to permit future legislative sessions
to consider specific proposals which

NEWRY

Miss Amy E. Henscom, Cor.

Mr. and Mrs. Stanley Porecki and son of Lansing, Mich., are visiting her parents, Mr. and Mrs. Bernard Powers and brother Larry.

Mr. and Mrs. Archibald Post have moved into their new house at North Newry.

Mr. and Mrs. Aaron Bachelder of Stratton visited at Reginald Bachelder's Sunday.

The Mother's Club is planning a Halloween party at the Raymond Foster School Friday evening.

WEST PARIS

Mrs. Marlan Chase, Corres.

Mr. and Mrs. Barry Millett of Quincy, Mass., were week end guests of his grandparents, Mr. and Mrs. Arthur Buck.

Mr. and Mrs. Hugo Jacobson of Massachusetts were in town over the week end to attend the 25th anniversary of Mr. and Mrs. Walter Heikkinen.

Mrs. Hilda Heikkinen is a patient at Stephens Memorial Hospital.

Callers on Mr. and Mrs. Arthur Buck Sunday were Mr. and Mrs. Ralph Millett and Andrea, Lewis-ton, Mr. and Mrs. John Small and Linda, Oxford.

The opening meeting of the P. T. A. Group was held at the Open House at the West Paris Elementary School. Next meeting will be a Membership Drive.

Robert Newell has returned home from the C. M. G. Hospital.

A Rubella (German Measles) immunization clinic will be held October 30, 1970 at 9 a.m. in the Universalist Church basement for West Paris area children ages 1 to 6 years.

Have your children immunized and help stop this disease which is minor illness to the child, but can cause serious defects in unborn children. German Measles spreads rapidly among school children and is brought home to expectant mothers who may, as a result of this disease, lose their babies or have infants with serious defects. A large outbreak of German Measles may very well occur in 1970, but it can be prevented with your help. By protecting young children, such as yours, with this vaccine, we can keep this illness from them, as well as from prospective mothers. We hope you will join in our efforts to eliminate Rubella as a cause of birth defects in Maine.

LAND LAW REVIEWED BY FOREST SERVICE PERSONNEL

The Public Land Law Review Commission's recent report was reviewed and discussed by personnel from the U. S. Forest Service in Gorham, N. H., on October 22 and 23, 1970. District Ranger John Anderson, Gilbert Churchill, Herbert Lee and William Trebs were representatives from the Evans Notch Ranger District of the White Mountain National Forest.

The Public Land Law Review Commission was appointed by President Johnson in 1961 to study the public lands of the United States, to recognize problems in their administration, and to recommend action thought necessary by the commission. A total of 137 recommendations were made in the recently published final report of the commission. Forest Supervisor Robert Tyrrel and his staff summarized and led a discussion on some of the recommendations that most influence the U. S. Forest Service and the New England area.

One of the major recommendations suggested a reorganization of the federal land management agencies into a single cabinet level department. Several recommendations

MAINE NEEDS

Neil S. Bishop for United States Senator

● VOTE TUESDAY NOV. 3rd.

● VOTE for HONESTY-INTEGRITY-LOYALTY

Signed: L. Robert Porteous, Chm.
Bishop For Senate Comm.

"Fool Me Once, Shame On You-- --Fool Me Twice, Shame On Me"

On election day morning, November 3, 1966, when Kenneth Curtis was running for Governor for the first time, an advertisement was printed in block letters in newspapers throughout the state saying: "Ken Curtis stands firm against major new taxes--against an income tax, an increased sales tax, a sales tax on food. Don't take chances on raising taxes again. Vote Curtis for Governor."

In another advertisement in the Portland Evening Express a few weeks before, Curtis described himself as: "The only candidate pledged to no new major taxes."

Did Kenneth Curtis stand firm on these promises he made to you? He did not! Once he was voted into office he did an about-face on his no new tax promises. During his administration you got a 25% increase in the sales tax and you got a 10% state income tax. If Kenneth Curtis had had his way, your state income tax would have been 25%.

Did Kenneth Curtis and his state department need income tax money in 1966-7? They did not! A few weeks ago Governor

Curtis announced a \$10 million surplus in the state general fund for the fiscal year 1970 with the expectation that it will be \$25 million by the end of the fiscal year 1971.

This excess money, much of it from the income tax, was gouged from your tax-bled pocketbook with broken promises. And now the Governor is running on a slogan that says "Curtis Cares." If Curtis cares he should offer you a refund of what you paid in the state income tax. No doubt you could use the refund to help support your family in these days of inflation and high prices.

When you vote on November 3rd--THINK! Remember the words of the Late President John F. Kennedy, "Fool me once, shame on you--fool me twice, shame on me."

Don't be fooled this time! Vote for James E. Erwin for Governor and not for the man who fooled you in 1966 with his no new tax promises. Vote for Erwin and control of state spending. Vote Republican and against excessive and unnecessary taxes.

When you vote, put your hand on your pocketbook and THINK.

NEXT TUESDAY, MARK YOUR BALLOT FOR: NEIL S. BISHOP, JAMES S. ERWIN, MAYNARD G. CONNERS, RICHARD DUNN, JOHN K. BLACK, BELLMONT W. HOUSE, KENNETH FEENER, W. STANLEY HASKELL, RUPERT F. ALDRICH, DONALD F. McALLISTER, E. LOUISE LINCOLN, LOWELL D. HENLEY, AND JACOB J. IMMONEN

GREENWOOD CITY

— Mrs. Collis Morgan, Corres. —

This week has seen the mad tempo of the wind across the fields where the dry stubble is showing. Autumn's finale which left leafy calling cards, wild geese flying southward through a leaden sky, honking their way, the sting of rain, and a few good hiking days.

On our way to the Pot Holes, a trip for new hikers; we picked strawberry blossoms and listened to the talk of the frogs.

Who says spring isn't just around the corner? We thought it was! A perfect day, too.

Our hikers? Five. We had a lovely trip.

The next day I went alone and to a place I had never been.

The sun so soft and warm cast its shadows on a hilltop at my left from the main road. So I climbed among the beeches and oaks, leaves rustling; mingling underfoot; breaking through were only the occasional frocks of ferns spreading rich green on the browns.

Sitting on a moss covered log far up the hill, I noticed the bare trees with nests both large and small.

For a few moments, rank clouds formed on the western horizon, blotting out the sparkle of the sun.

I surveyed the panorama of the woods and mountains. Where last week Mr. Autumn sat in shirt of red and yellow I now sat among dried beeches. He had marched away up the hills and vanished among the pines.

Taking a last look at the cattails standing by the pond, like so many chocolate headed exclamation points; I turned and descended the other side of the hill.

In places I discovered rocks up-battered in rich green velvet. Bu-

shes and shrubs crowded close together but I edged my way on.

Here and there instead of giant oaks I found a patch of scrub oak; trunks twisted as if by a powerful wind. Truly these can't compete with the giants of the family but never the less they add a bit of beauty to the landscape.

Shadows were now creeping down the hillside and so was I. Entering a growth of alders I looked up at the oaks etched on the turquoise sky then followed a path probably made by animals. It led me through tall brown grasses, milk weeds soft and silky, and asters turned gray.

At times there came a fragrant aroma of apples mixed in Mother Nature's stew.

The poplars, like giant tapered candles, swayed gently to the rhythm of the wind.

Autumn, you were everywhere, from the wind blown elms to the ripple of the pasture brook.

But I had to leave so entered the main road and hiked for home where leaves of pure gold dotted the pond with its sunlit waters.

Mr. and Mrs. Robert Holt and son, Bangor, were at Mr. and Mrs. Leonard Holt's for the week end.

Mr. and Mrs. Franze Mills, Shapleigh, were at their cottage here on Sunday and Monday.

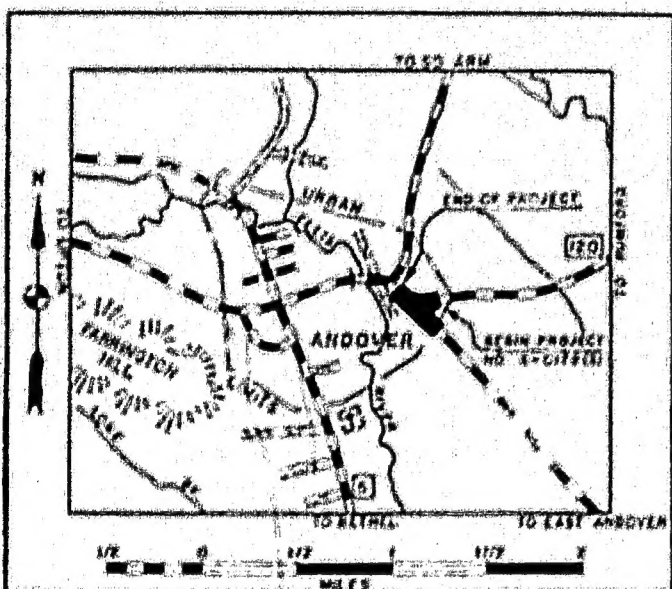

Mr. and Mrs. Walter Inman, West Paris, were callers at Clyde Morgans on Saturday.

NOTICE OF PROPOSED RECONSTRUCTION AND/OR RELOCATION STATE ROUTE 120 IN THE TOWN OF ANDOVER — OXFORD COUNTY FEDERAL AID PROJECT 5-0179(2)

The State Highway Commission is planning the reconstruction and/or relocation of a portion of State Route 120 in the Town of Andover, beginning about 0.1 mile easterly of the intersection of State Route 120 and the East Andover Road on State Route 120 and extending westerly and northerly about 0.2 mile including the reconstruction and/or relocation of about 0.1 mile of the East Andover Road.

In accordance with U. S. Department of Transportation, Federal Highway Administration, Policy and Procedure Memorandum 208, dated January 11, 1969, Subject: "Public Hearings and Location Approval," the State Highway Commission hereby gives notice of opportunity for a public hearing regarding the proposed project.

Any person desiring that a public hearing be held for the purpose of discussing the proposed project are invited to send a written request for such a hearing to the State Highway Commission, State Office Building, Augusta, Maine. If any such request is received by the Highway Commission on or before November 21, 1970, arrangements will be made for a public hearing to be held at a convenient location.

A representative of the Highway Commission will be available at the Commission's Office in Andover on Wednesday afternoon, November 11, 1970 between the hours of 4:00 P. M. and 5:00 P. M. for the purpose of explaining the proposed project and answering questions for any interested persons.

Property owners and occupants who may be affected by the proposed project will be contacted individually at a later date by a representative of the Highway Commission.

LEGION AUXILIARY

The Mundt-Allen Unit No. 81 met at the Casco Bank Room for their Oct. 27 meeting. Lucia Smith presided. Eleven members and five officers were present.

Oxford County Council President Carolyn Brooks gave the report of the Oct. 20 meeting at Buckfield. Five Auxiliary and two Legion members attended from Bethel.

The Halloween Party, sponsored by the Legion Post will be at the Ethel Bisbee School. The Auxiliary will furnish the refreshments. Eleanor Brooks, Lucia Smith, Stephanie Thurston and Carolyn Brooks will help serve.

An invitation to attend a testimonial reception being held in Brewer for Department State Auxiliary President Mrs. Henry Law, was read. It will be held at the municipal auditorium, Saturday, Oct. 31. A gift will be sent from the Mundt-Allen Unit for this occasion.

Gifts for the Tugus Gift Shop are to be brought to the Nov. 10th meeting.

Those on the sick list are Alice Gallant and Patricia Moxcey.

Waterford Fair report was given by Treasurer Selma Chapman. A discussion relative to the Food Booth took place. It was tabled for future plans.

The Auxiliary will furnish the Senior Citizens luncheon for November.

A FRESH APPROACH TO SCIENCE TEACHING AT TELSTAR

A new science program has been introduced to Telstar High School which provides for individual differences among students. No longer do teachers using this program present their material to the "average" student, leaving the slower students behind and the above average students somewhat bored. This program, Intermediate Science Curriculum Study (ISCS), allows all students to progress at their own rate in a laboratory type of learning situation. Students in the class-room perform various activities and experiments that are detailed and described in their textbooks; they learn by doing.

The concept of this program involves a teaching-learning situation in which the students work mostly

independently. The teacher's role involves his moving from student to student, giving advice, answering questions, and correcting wrong conclusions. In this type of situation, the individual students set the learning pace according to their own abilities—and abilities do vary in any given class. At the present time, in a typical class of 25, there will be a spacing of some 25-30 pages in the textbook between the slower and faster students. This means that such a class will have at least 5 different experiments or investigations running simultaneously.

The accompanying pictures show students performing various investigations. Some are charging their self-made batteries and others are busily taking measurements and recording data in their student record books. — Richard Roy, Science Instructor, Grades 7-8.

SKIES OVER TELSTAR

Calendar of Events

Moon: This is a very good week for sky watchers because of a new moon occurring this Friday, the 30th. A new moon is when the moon is on the same side of the earth as the sun. This gives one a good chance to observe the sky without the glare of the "moon shine."

Mars: This is the only visible planet to the naked eye this week. It is

as it did last week, at about 4:00 a. m.

Note: The rest of the usually visible planets are either reaching superior or inferior conjunction, in other words in back or in front of the sun respectively.

The stars appear to rotate around the north star which stays pretty stationary throughout the night. This motion is in a counter-clockwise direction when facing north. — Sky Reporter, John Trivard

GUIDANCE NEWS

The Guidance Department has planned the following college visitations for the coming weeks:

Nov. 2, at 8:00 a. m. University of Maine - Orono.

Nov. 9, at 8:00 a. m. University of Maine - Farmington.

Nov. 12, 8:00 a. m. Central Maine Vocational Technical Institute - Auburn.

These trips have been planned for Seniors, but some Juniors will be allowed to go, providing there is room. Students may still sign up for these trips in the guidance office. Any parents having questions may contact David Denison in the guidance office.

What Representative E. Louise Lincoln Has Been Doing For You

To the tax payers in towns and plantations represented by Representative E. Louise Lincoln:

The following is a summary of benefits she has been able to accomplish for her constituents:—

1. Louise has always supported the Republican Highway Program in allocating direct grants to the towns in her district. The County of Oxford received under the Republican Highway Program enacted by the 96th Legislature \$3,081,148. To date, Louise's district received the following amounts in 10 towns and 2 plantations:— Andover and Andover N. S. \$119,222; Bethel \$103,138; Byron \$29,810; Gilead \$16,025; Greenwood \$140,217; Hanover \$17,063; Lincoln Plantation \$7,395; Magalloway Plantation \$7,104; Newry \$26,791; Roxbury \$50,418; Stoneham \$21,308; Upton \$37,185. The legislation providing the above program was to provide year round roads for mail delivery, school busses and for workers living away from State Highways. Every Democratic member, present at the time of voting, both in the House and Senate, voted against the above program.

2. Louise supported a 1% increase in the Sales Tax during the 103rd session of the legislature. The 16 million dollars that the Sales Tax increase would provide was, in part, 11 million dollars for Education Subsidy to the various municipalities in the State. Look at your 1969-1970 property tax bills. The increase was, in good part, the fault of the Governor when he vetoed the

revenue measure, and again, all the Democratic members present at the time of voting, both in the House and Senate, voted to kill the revenue for the increased school subsidy.

3. Included in the 1967 Sales Tax measure was 1 million dollars for fatherless children; provision for the State to pay the 18¢ A.D.C. now paid by the towns.

1. This tax would also have taken care of the bill to give Maine's Senior Citizens 65 and over some real property tax relief for the people receiving less than \$4000. annual income.

Louise's record is to support revenue for rural roads, for higher school subsidy; a shift from the towns paying 18¢ for A. D. C. cases, to the State; property tax relief for senior citizens; vetoed by the Governor, and again, every Democrat in the House and Senate, present at the time of voting, voted against the money for the above services.

(a) Every Republican Representative from Oxford County and Senator Dunn voted against the Maine State Income Tax. Your State Income Tax payment will be double in 1971 what you paid in 1970.

(b) Don't forget, the Democrats always vote with the big cities, regardless of the size of their district or town. Play it safe, vote for Louise Lincoln; she will look after the every day persons' problems.

(c) Louise Lincoln deserves the votes of Democrats, Independents and Republicans. She is an honest, dedicated and on the job representative.

SATURDAY EVENING ACCIDENT
FATAL FOR CALIFORNIA GIRL

A California girl died on arrival at the Rumford Community Hospital, Saturday evening, Oct. 24, following a one-car accident on the Middle Intervale Road.

Wendy Ann Carrigan, 18, of Arcata, was identified as the crash victim. She was a passenger with Michael D. Witter, 21, of Bethel, who was treated for bruises about the arms, hands and left leg in the office of a Bethel physician.

According to State Police, Mr. Witter was heading easterly on the highway, approximately a mile and a half from the junction of Route 20 when he swerved to avoid a dog. The car went off the right side of the road, hit a tree stump, rolled over and came back onto the highway, landing right side up in the middle of the road.

The 1970 station wagon was considered a total loss as a result of the 7:05 p. m. accident.

SEN. SMITH TO VISIT RUMFORD
FOR CANDIDATES GATHERING
SATURDAY, OCTOBER 31

Senator Margaret Chase Smith will visit Rumford on next Saturday, Oct. 31, to introduce Republican candidates to the voters of Oxford County. The announcement of the visit was made by Alton R. Shurtleff, chairman of the Rumford Republican Town Committee. The meet-the-candidates gathering will be held at the auditorium of the new Rumford School at 7:30 p. m.

Senator Smith will introduce U. S. Senate candidate Neil S. Bishop, gubernatorial candidate James S. Erwin, and Maynard G. Conners, candidate for the U. S. House of Representatives from the Second District.

Some Oxford County candidates to attend the meeting are John K. Black, Frank D. Bean, Belmont W. House, Kenneth Feener, Robert F. Albrecht, W. Stanley Haskell, Donald P. McAllister, Ralph E. Jamison, John H. Rollins, Jacob Thunonen, Lowell D. Henley, Brewster W. Page, Richard Dunn, and E. Louise Lincoln.

Mr. Shurtleff and his committee are very pleased that Senator Smith will participate actively in the meet-the-candidates program by discussing face-to-face the major issues of the election campaign. He added that the meeting will provide Oxford County voters with the opportunity to meet leading Republican candidates and to talk with them on state and local social and economic problems.

CARD OF THANKS

The family of Harold Stanley wishes to thank the neighbors, the doctor, Rev. Caten, and Greenleaf Funeral Home for the many kindnesses in the recent loss of our loved one. Everything was much appreciated.

MRS. LINCOLN'S VIEWPOINTS

continued from Page One
ned with education. I might add that I, too, am a taxpayer here in Bethel and my taxes are anything but small.

Since the other side opened the door about spending etc., nothing was said about what I've saved the taxpayers and the towns. I have consistently voted to keep the county budget within its (the county's) means. I have regularly voted against raises for the county officers—they know what the salary is when they run for the office (however they always manage to have enough votes to get their raises but not as much as they would like). Our democratic senator wanted to reopen the county budget after it was completed, this past session. He wanted to add \$35,000.00 more to it. I could give you many instances where money could have been saved in county government—but I'm not going to.

I did not vote for the \$600,000.00 (Democrat sponsored) "gift" to Portland for the Prince of Fundy wharf—the figure was later lowered to \$400,000.00. Our own SAD 44 and the other two school districts in our legislative district could have used some of that money!

It is said, too, that I vote the straight party line, whereas in reality the opposite party is noted for that. This last session I did not vote for the income tax (not because of the tax but because of the added new items I felt were unnecessary at that time). I was put on the carpet by my party but I stood my grounds. Many legislators told me later that they wished they had done so, too.

I also remember vividly several years ago when Gov. Reed sent out word that all Republicans were to vote to down grade the Prestile stream, and Sen. Muskie sent out the same message to the Democrats, so that the Vahlsing plant could dump its potato waste in that stream. Yet all have since read how the Canadians made an international incident about the vile pollution that nauseated the Canadian towns. How glad I've been that I followed my own convictions and did not vote to down grade the stream. I wonder how my opponent would have voted?

I could go on and on . . . I can assure you that Bethel and all other towns in this district are well known at the State House as I'm constantly in touch with them for the wants and needs of my constituents.

HOSPITAL ANNOUNCES EFFORT
TO UNCOVER
"HIDDEN" DIABETIC

Stephens Memorial Hospital, Norway, announces a community-wide effort to uncover the "hidden" diabetic. This program will be in observance of Diabetes Week, Nov. 16 through 21.

The hospital has enlisted the aid of local industry, the school systems, and the family physician in this all out drive to make community residents aware of the importance of early diabetes detection. The program is to be carried out in Norway, South Paris, Oxford, West Paris, Bryant Pond, Locke Mills and Bethel.

Free testing will be done by the Stephens Memorial Hospital Laboratory, school nurses in S. A. D. 17 and S. A. D. 44 and through physicians' offices.

The hospital has set up a program with local industries in the area to inform employees of the availability of the free diabetes detection tests. Containers for urine specimens will be provided all employees in each factory; the samples will be collected and tested through the hospital laboratory.

"A 'hidden' diabetic is a person who has the condition, but is unaware of it," explained Dr. Warren C. Hazelton, Diabetes Chairman of the Oxford County Medical Association, who is co-ordinating the drive with the hospital.

"The presence of diabetes may be indicated by excessive thirst, excessive urination, loss of weight, itching, constant hunger, easy tiring, slow healing of cuts and scratches, and changes in vision," Dr. Hazelton said. He added: "Though there is as yet no known cure for diabetes, today's treatment methods can keep it under control and in most cases, the patient can continue to lead a productive and active life. We urge everyone to plan to take advantage of the free detection services offered during Diabetes Week."

IN MEMORIAM

In Loving Memory of
Our Dear Mother and Grandmother
Vivian A. Palmer

who passed away Oct. 29, 1942
She bade no last farewell.
She said goodbye to none.
The heavenly gates opened wide,
And a heavenly voice said "Come!"
God knew that she was suffering.
That the hills were hard to climb.
So he closed her heavy eyelids,
And whispered "Peace be Thine."
They say time heals all sadness
And helps one to forget.
But so far time has only proven
How much we miss her yet.

WHAT IS IN A
NAME?

Whenever you consider buying a product and it has a name that you recognize, or is made by a company you are familiar with, it will always give you a certain confidence that what you are getting is of good quality. It is the same when you select a pharmacy to get your medicine and health needs from, or a family physician.

Your doctor and pharmacist feel the same way about companies who make pharmaceutical products. Although some drugs may be made by many firms, your physician usually specifies the exact brand name he feels will be the safest for you. Because we stock only medicines made by reputable firms, we too feel confident that we are always dispensing drugs that are dependable.

YOU OR YOUR DOCTOR CAN PHONE US when you need a delivery. We will deliver without extra charge. A great many people rely on us for their health needs. We welcome requests for delivery service and charge accounts.

FOOD FOR THOUGHT
ON ELECTION DAY

You cannot bring about prosperity by discouraging thrift. You cannot strengthen the weak by weakening the strong. You cannot help the wage earner by pulling down the wage payer. You cannot further the brotherhood of man by encouraging class hatred. You cannot help the poor by destroying the rich. You cannot keep out of trouble by spending more than you earn. You cannot build character and courage by taking away man's initiative and independence. You cannot help men permanently by doing for them what they could and should do for themselves. —Abraham Lincoln
